Activities that Both Occupations Have in Common		Similarity of Focus Occupation to Associated Occupation: 81
Focus Occupation: Zoologists and Wildlife Biologists (19-1023)		
Associated Occupation: Foresters (19-1032)		
Work Activities		Exclusivity of Activity
Adhere to safety procedures		12
Advise clients or customers		19
Advise governmental or industrial personnel		28
Analyze biological research, test, or analysis data		70
Analyze ecosystem data		69
Analyze scientific research data or investigative findings		27
Classify plants, animals, or other natural phenomena		69
Collect scientific or technical data		30
Collect statistical data		47
Communicate technical information		4
Conduct field research or investigative studies		52

Confer with research personnel	50
Confer with scientists	54
Develop or maintain databases	30
Develop plans for programs or projects	31
Develop policies, procedures, methods, or standards	21
Develop scientific or mathematical hypotheses, theories, or laws	62
Develop tables depicting data	33
Direct and coordinate activities of workers or staff	3
Direct and coordinate scientific research or investigative studies	27
Direct implementation of new procedures, policies, or programs	60
Estimate population or condition of plant life, fish, or wildlife	92
Explain complex mathematical information	30
Make decisions	24
Make presentations	13
Perform statistical analysis	71
Plan scientific research or investigative studies	48
Prepare reports	8
Prepare technical reports or related documentation	22
Read maps	42
Recommend further study or action based on research data	60
Record test results, test procedures, or inspection data	48
Use biological research techniques	68
Use computers to enter, access or retrieve data	3
Use knowledge of investigation techniques	16
Use library or online Internet research techniques	21
Use mathematical or statistical methods to identify or analyze problems	30
Use project management techniques	47
Use quantitative research methods	35
Use relational database software	26
Use scientific research methodology	21
Use spreadsheet software	18
Use word processing or desktop publishing software	17
Write business project or bid proposals	48
Write scholarly or technical research papers	36

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus Occupation to Associated Occupation: n/a

Focus Occupation: Zoologists and Wildlife Biologists (19-1023)
Associated Occupation: Foresters (19-1032)

Tools and Technologies	Exclusivity
Tools and technology data is unavailable for one or both occupations.	

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
